

LINES OPERATING ON OLD SCHEDULE

Burlington and Milwaukee Trains Again Being Routed Over the D. & M. L. & N. W. Tracks to Clinton.

MISSISSIPPI WATER IS LOWER

Stage of Stream Drops a Half Foot, Permitting Resumption of Rail Service on Iowa Side.

The Burlington resumed traffic over the D. & M. L. & N. W. tracks last night, after having detoured trains north-bound on the Illinois side of the Mississippi river for five days because of high water. The Milwaukee has also returned to its old schedule and trains are being sent north on the Iowa side. The Mississippi lowered one-half of a foot since yesterday. It was 14.6 feet above low water today. The water has receded a foot and a half since Saturday, when the crest of the rise was reached.

The Burlington has been detouring

TAKE SALTS TO FLUSH KIDNEYS

Eat Less Meat if You Feel Backache or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels: removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.

Harper House pharmacy—(Adv.)

trains via Barstow and Denrock on the Illinois side of the river to Clinton, because of water on the tracks between Davenport and Clinton. A stub train operating between Davenport, Rock Island and Barstow made connections with the St. Paul and St. Louis trains. When the trains were detoured on the west side of the river the schedule was necessarily changed, affecting the arrival and departure of passengers trains to and from this city. The former schedule will be in effect henceforth. The Milwaukee road returned to its former schedule also. Only two trains are affected on this road.

Marked Fall Above Here.
Expectations are that the river will become lower at the rate of six inches to a foot a day. Stage of the stream above here has shown marked fall.

River High at Quincy.
Quincy, Ill., May 10.—With the stage of the Mississippi river 17.2 feet today, a rise in the preceding 24 hours of one-tenth of a foot, trains on the north line track of the Burlington, between here and Gregory, Mo., 30 miles north, are ploughing through water which reaches the axles of the wheels. Pilot-riders have been placed on all trains. The big washout, caused by the water and high wind, has been repaired and service is about normal. Unless the crest is reached soon, the Kline service will be stopped entirely. Taylor, Mo., 12 miles west of here, and across the river, is isolated except by rail. Access to the city by skiff from all directions is easy. The road leading from that city here is under 12 feet of water, stopping all levee work in the district. Damage by the high water this spring will be enormous.

ISLANDER A MEMBER NOTED APOLLO CLUB

The friends of J. Archer Smith, formerly of this city, now located at Sedalia, Mo., will be glad to hear of his rapid advancement as a soloist. Mr. Smith will be the soloist with the Missouri Apollo club, which will give a May festival this evening at Kansas City. This club is the largest one in the state of Missouri and has been in existence for the past 10 years. First prize at the world's fair at San Francisco was awarded to this highly praised organization. Since Mr. Smith left this city last fall his advancement has been rapid. He is the student of one of the most learned teachers of the southwest.

Stockholders' Notice.
A special meeting of the stockholders of the American Bankers and Merchants' company will be held at 229½ Eighteenth street, Rock Island, Ill., on the 29th day of May, 1916, at the hour of 5 o'clock p. m., for the purpose of considering and voting upon the proposition to dissolve said corporation, and for the transaction of such other business as may come before such meeting.

N. S. JOHNSON,
A. J. LINDSTROM,
CHARLES DUNCAN,
A Majority of the Directors of American Bankers and Merchants' Company.
April 19, 1916.

It is an unusual offering and will meet with quick response.

"Ribbons and Still More Ribbons" Says Fashion

One of the most important features of the Spring Fashion number of Vogue is the section devoted to the importations of Mrs. Belle Armstrong Whitney. And the ingenious use of ribbons in every conceivable fashion is the most striking note of the collection.

Some of Mrs. Whitney's most beautiful girdle models are now on display in our Ribbon Section. Here are girdles which are just as new to New York as they are to Rock Island.

One Whitney model is a panier effect made of satin ribbon 10 inches wide in Modena Blue and taking five yards of ribbon.

Another Whitney model is of exquisite floral ribbon in a wide shirred girdle with long ends, finished with artificial flowers and taking six yards of ribbon.

These and many other newest ideas in made-up ribbon novelties are on display in our new first floor Ribbon Section.

Ye Olde Time Comfort Shoes Made Especially For Women With Tender Feet

Cut out and save this ad, and for more information ring up R. I. 188. W. H. Lamont, general agent.

LIFT EARTH ON SITE OF NEW COLLEGE GYM

First work on the erection of the new gymnasium at Augustana college was done yesterday afternoon, with simple ceremonies which well befitted the occasion. Representatives of the board of directors, of the faculty, of each department of the college and of the student body raised one bit of earth and said a few words in expression of the feeling and spirit of the occasion. Dr. E. F. Bartholomew played a principal part, although he was not on the program. The entire affair was under his surveillance and the splendid program was the result

of his efforts. He wrote the following simple service:
Selections—Augustana college band. Scriptures and prayer—Dr. C. E. Lindberg.
Song—Wennerberg chorals.
Address, "The Occasion"—President Gustav Andreen.
The college song, "Should Old Acquaintance"—Audience.
Address (Swedish)—Professor J. Mauritzson.
Formalities of breaking ground.
J. H. Hauberg: "The old order changeth, yielding place to new, and God fulfills Himself in many ways, lest one good custom should corrupt the world."
President Gustav Andreen: "Except the Lord build the house, they labor in vain that build it."
Vice President E. F. Bartholomew: "One equal temper of heroic hearts, made weak by time and fate, but strong in will to strive, to seek, to find and not to yield."
K. T. Anderson: "If the foundations be shaken, what can the righteous do?"
Professor Andrew Kempe: "Happy, thrice happy, every one who sees his labor well begun, and not perplexed and multiplied, by idly waiting for time and tide."
Dr. Nils Forsander: "We have a building of God, an house not made with hands, eternal in the heavens."
Professor J. Mauritzson: "Too low they build, who build beneath the stars."

Professor J. Victor Bergquist: "All good things are ours, our soul helps flesh more, now, than flesh helps soul."
Professor Roy Conrad: "Here rose an athlete, strong to break or bind all force in bonds that might endure."
Victor Pearson: "Build these more stately mansions, O my soul, as the swift seasons roll, leave thy low-vaulted past! Let each new temple, nobler than the last, shut thee from heaven, with a dome more vast, till thou at length art free, leaving thine outgrown shell by life's unresisting sea!"

How Actresses Remove Hair From the Underarms

Many are enthusiastic in their use of the sanitary liquid, El Radio. It is the only preparation ever endorsed by Julian Eltinge, foremost impersonator of beautiful women; also Stella Mayhew, Rosicka Dolly, and others.

Whether on face, lip, neck, or arms, El Radio removes the hair so quickly it is no more trouble than washing. Easily applied with piece of absorbent cotton, or small sponge. Does not coarsen later hair growth, as is the case with shaving. Absolutely harmless; no disagreeable odor; money-back guarantee. At all toilet counters, 60c and \$1.00.

For sale in this city at L. S. McCabe & Co., and the Hess Drug store.
